

Welcome to ConfConf

Conf²

Expectation management

- This is an experiment. We are figuring stuff out as we go
- This was invite-only. We don't know if we will keep it invite only
 - Please tell other Open Source / Community / Hacker organizers about ConfConf
- Please try to create some FOMO and excitement about ConfConf
 - I'll try to do this on Mastodon and BlueSky using #confconf
 - If you're on LinkedIn, Shitter, etc

Code of Conduct

Logistics

- Saturday
 - 12:00? 13:00? Lunch
 - 17:30 End of programme
 - 19:00 Dinner @ CoKitchen
- Sunday
 - 09:00 Start
 - 12:00? 13:00? Lunch
 - 17:30 End of programme
 - 19:00 Dinner @ Kolovoz 41

ConfConfConf

- Location?
- Date?
- Interested in helping?
 - In particular, we need a local team if it's not Brussels, Munich, or Sofia
- New/additional sponsors or umbrella organization?

For example: If the next one happens outside of EU, it doesn't make sense to create a new entity for ConfConfConf in EU

“Programme”

- How unconferences work
- Captured audience / all hands
 - This “talk” :p
 - Videobox
 - Eventinfra
 - Day 1 & 2 summary
 - Closing

Intentions

- For you to learn, and take your knowledge back home
- To build connections across the conferences
- To have ~standards emerge, for example
 - The video box
 - A hardware pool such as eventinfra
 - A network or infrastructure or video team which can travel and help bootstrap/run

We can give away up to four video boxes for you to take home with. We want to maximize impact. Talk to us

Introductions

- Your name
- Your nickname
- Your home city/cities
- Your conference(s)
- Try to keep it short

Labels & markers at the back

Be excellent to each other!
